Engineering/Projects & Operations Leader

20+ years' success leading engineering, operations and projects innovations for high-growth FMCG organisations

Accomplished and goal-oriented professional with proven experience in lean and Six Sigma manufacturing, technical advisory, project engineering and management, and building plants up to the highest world-class standards. Demonstrated success in all aspects of operations, quality, safety and sustainability of employees, energy savings initiatives to key KPI in operations and leading technical plans for revenue generation. Capable of motivating team members to overcome challenges, maximise potential, and achieve company targets. Proven track record of exceeding benchmarks and implementing project execution and procurement plans. Directed cross-functional project management teams, consultants and OEM through sourcing strategy, process improvements, and process validation.

Highlights of Expertise

- Strategic Business Planning
- Cost Reduction & Avoidance
- Learning Matrix and Development
- Project CQV implementation
- Food & Beverage Manufacturing
- Energy Savings & Automation
- Budget AOP OPEX/CAPEX Management
- Risk and Resilient Management
- Processing Automation / Redesign
- HSE Development and Implementation
- QA/QC Operations Compliance
- Logistics Planning & Operations
- Kaizen and Six Sigma Implementations

Career Experience

Operation Manager (2018-Present) ■ North Compass Inc.

- Develop technical projects and new innovation saving solutions for best operations to manage P&L targets.
- Work with OEM to minimize operation cost and apply maintenance practices for different application
- Supply reliable spare parts for best machine performance and energy savings
- Develop learning matrix and Knowledge Transfer programs for maintenance staff

Technical Director (2010 to 2018) ■ MenaBev-Pepsi Cola, MEGA Plant Jeddah

Develop multi-million AOP OPEX / CAPEX planning to control and lead entire activities by MES & BMS integrations and operations across the projects. Supervise maintenance and sustainability compliance in accordance with company regulations. Utilise various dynamic services effectively for numerous warehouses and buildings. Deliver technical supervision and resource utilisation for whole manufacturing plant to ensure unhindered operations. Provide innovative technical competency for CQV and start up for seamless workflows. Ensure optimum level of spare parts stocks while improving plants reliability.

- ♦ Reduced additional project cost of SR1.5M in engineering, SR17K savings in main Distribution, and SR352K savings in yearly electricity bills through various innovative saving projects.
- ♦ Attained lesser 2% in FDT, 3% in overtime, 30% in energy conservation demands and increased plants reliability to meet 10% growth volume with frequent highest ever volume breakthrough records.
- ♦ Accomplished new MEGA plant vertical start-up timely with NE 85%, 99% maintenance compliance audit, 20% lesser CO2 g/li-bev intakes and breakthrough cost per case 2.19Halh.

- ♦ Increased plant operation and technical skills and capability by 50%, reduced 50% spare parts consumptions and increased 20% life cycle.
- ♦ Achieved 98% in quality inspection equipment reliability for raw and packaging materials and finished goods
- ♦ Accomplished 99% in HSE compliance and best in class safety management program

Additional Experience

Logistics Department Manager (2010-2010) ■ Saudi Modern Foods Factory Goody– Nestle, Jeddah

- Achieved 100% in FIFO compliance
- Developed 100% backup suppliers for existing raw and packaging materials
- Achieved 99.5% in number of shipment compliance
- Achieved 8.5 highest record of inventory turnover

Production Operation Department Manager (2007-2010) ■ Saudi Modern Foods Factory Goody– Nestle, Jeddah

- Achieved 98% in project cost compliance audit
- Achieved lowest cost of production planning demand vs. marketing demand
- Implemented multi-skills production team with QC and maintenance roles
- Achieved 99.8 in HSE audit across the maintenance, production and quality functions

Maintenance & Technical Support Manager (2006 -2007) ■ Saudi Modern Foods Factory Goody– Nestle, Jeddah

- Achieved 99.7 efficiency after start up
- Achieved 80% in people capability and development

Project Manager (2004-2006) ■ Saudi Modern Foods Factory Goody– Nestle, Jeddah

- Built new mayonnaise and sauces factory ahead of schedule by saving 20% timeline
- Built efficient new factory power network and utilities infrastructure
- Achieved 96% in design compliance audit

Maintenance Engineer (1999-2004) ■ Coca-Cola, Jeddah

- Achieved best project cost saving and execution of the year
- Achieved 50% savings in third party maintenance contracts
- Increased 80% skills and team capability
- Reduced 30% of spare parts consumptions

Electrical & Instrumentation Technician (1995 to 1999) ■ Procter & Gamble, Jeddah

- Achieved 98% in new project technology transfer and start up
- Achieved 100% implementation of tools safety inspection program

Education & Trainings

Electrical / Electronic Engineering Technology, 1995

Industrial Electricity GPA 3.17 of 4

Yanbu Industrial College

Diploma in Auto-Mechanic, 1991

Jeddah Industrial Secondary School

Special software Training

- MS project
- FLEETMAINT 2000 Inventory System
- Fox Pro Inventory Management System

Special Certified Trainings

- Certified Bullet Proof Manger by CRESTCOM International
- Certified International Project Manager CIPM and IAPM member no.115464 (Project Management)
- Certified PROFIBUS Engineer by PI International Training Center
- Certified in Total Productive Maintenance TPM, 5S, AM by Transcend Group Ltd
- Certified in Reliability Centered Maintenance RCM2 by Aladon Network Int.
- ReCon Energy Management Program by Pepsi Co.
- Certified IOSH
- Internal Auditing Requirement Lead Auditor (ISO9000:2000)
- Certified Auditor in Auditing Fundamental Skills
- Certified Kaizen Leaders by Kaizen Institute
- Certified Six Sigma Master Black Belt by International Six Sigma Institute
- ISO 50001:2018 Energy Management System EnMS

Professional Associations Membership

- International PROFIBUS Engineer (PA)
- International Academy of Project Management (IAPM)
- International Management Institute CMI and Institute of consulting IC
- Associations of Small Business Consultants ASMEC
- International Association of Engineers (IAENG)
- Road to Reliability Community
- Society of Maintenance and Reliability Professional SMRP
